Dear Tim:

Now that your summer assignment is nearly completed, I want to express our appreciation for your contribution to the Office. Your duties of sorting mail and wrapping pouches destined for overseas may at times have seemed routine to you, but they are activities that must be accomplished. Your performance, attitude, and general behavior were highly commendable and it is hoped your few months with FBIS have been instructive and interesting. On behalf of your FBIS colleagues, I wish you success in your college career and in all your future endeavors.

Sincerely,

STAT
